

A DECADE OF INNOVATION AND IMPACT

JOIN US IN SAN FRANCISCO THIS NOVEMBER FOR THE ACADEMY AWARDS OF CLEANTECH

The Cleantech Open runs the world's largest accelerator for cleantech startups.

Over 1,000 companies have graduated from the Cleantech Open in the U.S. alone. Between them, they have raised over \$1 billion.

Every November, we celebrate the graduation of a new cohort of entrepreneurs who are tackling the world's most pressing energy, environmental and economic challenges.

This November is special. On November 19, 2015, at the Herbst Theatre in San Francisco, we will celebrate ten years of the Cleantech Open, and ten years of innovation in energy, water, building, transportation, agriculture and more.

THE CLEANTECH OPEN GLOBAL FORUM – A TRULY GLOBAL EVENT

The Global Forum is the culmination of events taking place throughout the year and around the globe. In the United States, eight Regions deliver mentoring, training and events throughout the country. Through a partnership with the Global Environment Facility (the GEF) and the United Nations Industrial Development Organization (UNIDO), cleantech startups from the **Global Cleantech Innovation Program (GCIP)** in six other countries will also join us in November. And entrepreneurs from at least twenty more countries will participate in this year's **Cleantech Open Global Ideas**, a search for the most promising clean technologies on the planet.

Which is why the Herbst Theatre is a fitting location for such a special gathering. A \$128M two-year remodel has restored this venerable building to its original splendor and enhances the historic location where leaders from 50 founding nations signed the United Nations Charter 70 years ago.

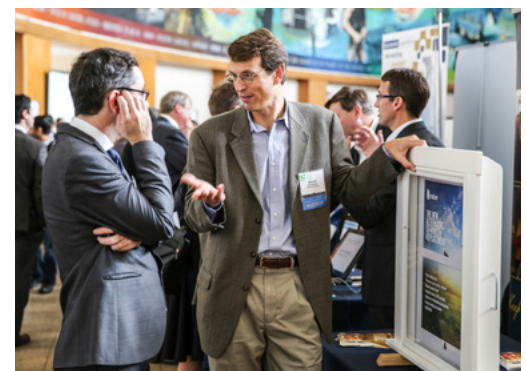

Register now for the

2015 CLEANTECH OPEN GLOBAL FORUM & TEN-YEAR ANNIVERSARY GALA DINNER

Join leading cleantech investors, entrepreneurs, corporations and Cleantech Open finalists from across the country and around the world for three amazing days. Register today at www.cleantechopenglobalforum.org

THREE AMAZING DAYS

The three days of the Global Forum in Silicon Valley and San Francisco build to a crescendo on November 19:

DAY ONE

JUDGING DAY | TUESDAY NOVEMBER 17 REDWOOD CITY

Judging Day happens behind closed doors:

This is the day when finalists, selected from the eight regions of the Cleantech Open around the U.S., the six countries of the Global Cleantech Innovation Program (GCIP) and the 20+ countries of Global Ideas will all present to panels of carefully-selected judges. From these sessions, the winners of this year's programs will be chosen.

GSVlabs, Redwood City

Investor Connect

DAY TWO

ENTREPRENEUR DAY | WEDNESDAY NOVEMBER 18 REDWOOD CITY

We throw the doors open wide at GSVlabs in Redwood City, the Cleantech Open's new home. Join us for the afternoon Expo to meet investors and innovators from around the world, and mingle with them all over wine and appetizers at the evening reception.

GCIP 2014 Winners from Turkey, South Africa, Pakistan, India, Armenia and Malaysia

DAY THREE

CELEBRATION DAY | THURSDAY NOVEMBER 19 SAN FRANCISCO

Celebration Day, in San Francisco, is the culmination of it all.

A morning Expo will showcase the finalist companies still in the running for the major prizes.

An informative, entertaining afternoon lineup will present the finalists' technologies interspersed with lively keynotes.

And you can support the Cleantech Open for its next ten-year journey by booking your seat at the Ten-Year Anniversary Gala Dinner in the magnificent Green Room at the Herbst Theatre.

The Cleantech Open is a 501(c)(3) not-for-profit public-benefit corporation. We find, fund and foster entrepreneurs with the big ideas that will address today's most urgent energy, environmental and economic challenges.

The 1,000+ companies who have graduated from the Cleantech Open US have between them raised over \$1.1 billion and have created thousands of jobs.
